Tips for Efficient Claim Processing **Zurich (K&K Insurance)**

- 1. Student Accident Insurance is excess or secondary insurance. This means that payment can not be made until charges have been processed through the student's primary health insurance (if any).
- **2.** The Claim Form must be completed in its entirety.
 - Part A and Part B must completed by a school official with knowledge of the accident.
 - Part C must be completed by a parent or guardian and signed in the Authorization section at the bottom.
- 3. The date of the accident and a detailed description are required to verify that the incident occurred while participating in a school sponsored and supervised activity.
- **4.** Once completed, parents or guardians should submit the claim form directly to K&K Insurance within 90 days of the accident to establish the claim. The address and phone number for the location that processes the claims is listed on the claim form.
- 5. In addition to the claim form, parents/guardians should also submit the following documentation as soon as it becomes available in order for the company to process payment:
 - Itemized physician, hospital, or other provider bill that includes the diagnostic and procedure codes.
 - For hospital charges, this form is called a Form UB04.
 - For physician/ancillary charges, the form is called a Form CMS1500.
 - Explanation of Benefits (EOB) from the student's primary health insurance carrier showing where charges have been processed through them first.
